

## RETAIL LIQUOR LICENSES

---

This Fact Sheet briefly describes retail liquor licenses, which are available from the Michigan Liquor Control Commission, including the applicable licensing fee. Additional information is available which more thoroughly describes the requirements for each type of license and outlines the steps in obtaining a particular retail liquor license. License fees are due before the license can be issued. Licenses must be renewed each year before May 1.

The licenses are divided into on-premise and off-premise licenses. The on-premise licenses sell and serve alcoholic beverages for consumption on licensed premises. The off-premise licenses sell alcoholic beverages for consumption off the licensed premises. The general public sometimes calls the off-premise licenses package liquor dealers.

### ***On-Premise Retail Licenses***

These licenses are for the types of business (such as restaurants, hotels, bars, or clubs) where alcoholic beverages are served on the premises. With the exception of private clubs, the number of licenses that can be issued is governed by a specific quota based on the population of each local unit of government. On-premise licensees will also frequently hold an SDM license (see description of off-premise licenses) to sell beer and wine for consumption off the premises.

### ***On-Premise Resort Licenses***

Resort licenses can be issued for Class C, B-Hotel, A-Hotel, and Tavern classifications. Resort licenses are available only after all the licenses allowed under the quota are issued and if the business to be licensed will directly benefit tourism or visitors.

Applicants must meet qualifications for resorts and qualifications for the specific type of license classifications being requested.

The majority of the gross income of the business must be from something other than the sale of alcoholic beverages (sale of food, greens fees, room rental, etc.)

### ***Off-Premise Retail Licenses***

These licenses are for the types of business (such as party stores, grocery stores, convenience stores, and drug stores) where alcoholic beverages are sold for consumption elsewhere. Frequently an off-premise retail liquor licensee will hold both an SDD (also commonly referred to as a package liquor dealer) and an SDM license.

<b><u>License</u></b>	<b><u>Authorized to Sell</u></b>	<b><u>Description</u></b>	<b><u>License Fee*</u></b>

### ***Off-Premise Resort SDD License***

This is a special category of SDD license, which may be issued when the quota is full in a governmental unit with a population under 50,000. Resort SDD licenses can be issued each statewide to promote economic development and to stimulate the resort and tourist industry.

The number of applicants for SDD Resort licenses far exceeds the number, which the Commission can grant. Unsuccessful applicants may request that the Commission keep the application active for the next year's issuance.

<b><u>License</u></b>	<b><u>Authorized to Sell</u></b>	<b><u>Description</u></b>	<b><u>License Fee*</u></b>
